ABOUT OUR FIRM

Since 1986, our firm has strived to maintain excellence and the highest levels of client satisfaction in all of the service areas we provide. Some of our services include accounting, auditing, tax preparation, business consulting, business valuations, and Information Technology.

These professional services are provided to a broad range of industries, with corporate and individual clients, condominium & homeowner associations, banks, real estate firms, non-profit organizations and more. We gauge our worth by the personal satisfaction and business successes of our clients.

We can help your business identify areas that negatively affect profitability and growth.

We can develop solutions that are practical and technically sound. In addition to acting as a sounding board for management, we provide comprehensive, flexible strategies that address the issues affecting your business.

Providing financial information to our clients in a timely and accurate manner is a commitment that we feel cannot be compromised. Our firm provides a full range of cost-effective accounting solutions.
